

fiamma behind every great taste

Warranty

Buying, renting or leasing a fiamma espresso machine means that you are also buying REAL SERVICE and after sales support.

Our reputation relies on you getting the right advice and the right machine for your specific needs. Our experienced engineers deliver, install and set up your coffee machine.

The warranty is limited to manufacturer's defects only.

The manufacturer's warranty is good for a period of 1 year from date of receipt which covers parts. In most cases, your Fiamma equipment must be sent to a repair facility. Manufacturers' warranties may not apply in all cases, depending on factors such as use of the product. Every Machine comes from Italy with the warranty document inside of the box. Please review the warranty carefully, and contact the support indicated there if you have any questions.

We do not over sell, nor under sell. After over 30 years, our family owned and run business has been built on a reputation of offering *knock you socks off service*.

fiamma is a Registered Trade Mark of fiamma Portugal.
